

The agenda for WS4 :

MONDAY - INSIGHTS Accreditation special session

- D. LAFFLY, MONTUS today... still alive.
- Q. H. BUI, Master INSIGHTS accreditation, state of the art (official form, agenda, students, selection...)
- T.N.T. NGUYEN, Syllabus special session, the guidelines for the new template (and the last one).

TUESDAY - Detailed lecture special session

Open discussion to decide the final shape of the manual
Proposals from Hanoi February WS, 2020
"New" suggestion from UNIFE team
ITC/RUFA will be in charge of coordinating the publication

Wednesday - "free"

TUESDAY - Administrative special session and PhD students on the cloud

- L. LOYON, Europe's expectations following the interim report
- H. L. NGO, Big Data Application Processing Images
- C. CHAWANDA, User-friendly workflows for catchment modelling: Towards reproducible SWAT+ model studies
- Z.

FRIDAY - Steering committee and agenda 2021

- Agenda for future WS and distributions of responsibilities:
 - * 2021, End of January, Walailak, HUPI SPECIAL SESSION for MONTUS team (who, what, how?) → ZOOM meeting if Pandemic situation
 - * 2021, June, Da Nang, AI/GPU special session (who, what, how?) and MASTER accreditation report.
 - * 2021, September, Italy (certainly Sicilia with Geologist/Volcanologist), last WS (who, what, how?) and FIRST YEAR OF INSIGHTS? OPEN Y/N? WHO TEACH?
- Steering committee: what to do if it's still not possible to travel in 2021?
 - * ask for a one year delay? Not possible for UT2J except if all institutions accept to participate to the cost of the project administration (20,000 euros per year).
 - * organize zoom meeting but with the idea (thank you Ann) of 2 clusters, one in Asia with all Asian teams (if travel possible between TH, KH and VN) and an other one in Europe (same conditions) --> 2021, Jan. or Feb., WU/VUB; 2021, June, UDN/PAU(BIDART) and 2021, Sept, UNIFE/HCMC...
 - * which technical solution for video conference and video exercise on the cloud?

* other questions: PhD topic and fellowship/team (work with UT2J, CY Tech, VNU and HAU - 2 fellowships, cotutelle PHD. What about other teams)? HUPI/CLOUD Project per team (work with UT2J, CY Tech, UDN, VUB,, WU, AIT. What about other teams)? Visiting Professor valorisation between teams (works 100% with UT2J/VNU and UT2J/HAU, 50% with UT2J/UDN - UDN invited by UT2J. What about other teams)?

Remember that it will be half day session because of the jet lag but that doesn't mean half work... We will have to use half "free" day and "free" wednesday to work to update all Syllabus.
